GOLF PROFESSIONALS

Logan Warren HEAD GOLF PROFESSIONAL

A proud member of the PGA of Canada since 2017, Logan brings a thoughtful and consistent approach to coaching. By identifying each player's goals, learning style, and physical capabilities, he creates a tailored roadmap with achievable milestones. Logan then develops personalized practice routines designed to help golfers progress steadily toward both their short-and long-term objectives. He looks forward to supporting your journey to better golf.

Braydon Nickle HEAD TEACHING PROFESSIONAL

Braydon joined the PGA of Canada in 2021 and brings an infectious passion for the game to every lesson. His goal is to help each golfer improve and gain confidence through a comprehensive approach that includes the full swing, short game, putting, structured practice routines, course management, and the mental side of golf. Braydon is committed to helping you elevate your game and enjoy the sport to its fullest.

Branson Ferrier ASSISTANT GOLF PROFESSIONAL

Since joining the PGA of Canada in 2021, Branson has combined his 8 years of professional tournament experience and 4 years of teaching expertise to deliver impactful instruction. His "keep it simple" philosophy makes him adaptable to all skill levels, and he excels at bridging the gap between the practice facility and on-course performance. Branson is excited to help you lower your scores and get more enjoyment out of every round.

PERFECT YOUR GAME AT THE NEST

The primary mission of the Nest Golf Club is to offer golfers of all abilities the chance to enjoy the game of golf and be provided with every opportunity to maximize their playing potential.

We are continually looking to offer unique and comprehensive programming to meet the needs of all golfers and will be releasing further Academy offerings during the course of the season.

Reach out to any of our certified PGA of Canada Professionals to learn more.

THE POWER OF TRACKMAN TECHNOLOGY

Trackman's two radars give you all the information you need to improve your game. One radar system tracks the club before, during and after impact – including club path and face angle – while the other tracks the full ball flight, from launch to landing – including launch angle, spin rate and curvature.
